Participation & Eligibility Rules:

1. Contestants must register with the landing personnel each time they enter or leave the lake.
2. Fishing during the Frozen Tozen will be conducted according to Wisconsin DNR rules.
3. This is a recommended catch and release tournament. All fish must be measured by the angler on the ice near the landing, under the supervision of the landing personnel. Length will be determined by using the registration station measuring boards at the landings to the nearest 1/8-inch.
4. Contestants may fish alone or with other registered contestants. All people fishing must be registered in the tournament.
5. Teams must be designated at the time of registration. Teams can be made up of 2 to 4 individuals.
6. An adult must accompany any registrant under 12 years of age.
7. Contestants are responsible for obtaining all their own equipment.
8. All fish will be judged on length only. If there is a tie at a particular length, then time registered will be used to determine the winner with the earliest time declared the winner. If both length and time caught are the same, duplicate recognition will be given and cash prize will be split.
9. 6-inch minimum requirement on all registered fish.
10. The Frozen Tozen personnel reserve the right to examine any fish when the Committee Chair deems that action necessary.
11. If a contestant has a question about the rules or any part of the Frozen Tozen, he/she should first ask the personnel at the registration tent.
12. Any contestant not following the rules may be disqualified from participating in the Frozen Tozen as the Committee determines is appropriate.
13. The tournament is open to men, women and children who are registered in the tournament and meet the DNR requirements for fishing.
14. Landing personnel will be responsible to check large coolers as anglers depart for fishing at the beginning of the fishing day to protect against registration of illegal fish.
